Environmental Policy

Elmton Services understands the potential impacts of our operations and services. The Company is committed to achieving the highest standards of environmental performance to protect the environment and prevent pollution from our operations and to identify, understand and minimise our significant environmental impacts where appropriate. We operate to an environmental management system (“EMS”) to ensure that all our operations meet or exceed the requirements of legislation and applicable best practice as an integral part of our business strategy. Elmton Services is committed to monitoring, measuring and reporting of our environmental performance, using appropriate external guidelines wherever practicable. The Company assesses the environmental aspects, impacts, risks and opportunities of its activities setting appropriate objectives and targets.

This policy applies to all of Elmton Services operations and services and requires Elmton Services to:

- Determine, understand and implement relevant environmental legislation to fulfil our legal compliance obligations.
- Develop adaptation and mitigation strategies against internal and external factors which could have adverse impacts on the environment or the Company.
- Set Companywide objectives and targets appropriate to the nature and scale of our activities.
- Maintain and continually improve across the Company improving awareness and training in relation to environmental protection and performance.
- Continually improve environmental performance by monitoring and measuring improvement initiatives particularly in relation to water resources through recycling, capture and discharge and waste generated and that sent to landfill.
- To protect and enhance the natural environment both within our landholdings and the wider corridor where possible.

Date: Monday 20th December 2021

- Consider, engage and communicate with all interested parties appropriately.
- Review the Companies targets and Policy annually against business objectives and commitments given to industry initiatives and wider stakeholders.

In conjunction with this Policy there is a framework of supporting policies relevant to achieving Companies Sustainability objectives.
